LINE REPAIR

Universal detox treatment for revitalization, hydration and skin repair. Suitable for every age and skin type.

- ✓ Relaxation effect
- ✓ Aromatherapy
- ✓ Oxygen therapy

HOW LINE REPAIR WORKS

Thanks to oxygen transfer technology using plankton extract and vitamin C, this cosmetic treatment increases oxygen supply in cells, revitalizes skin, harmonizes tone and boosts its vitality.

The content of polysaccharides in the product formulation is key to supporting the skin's natural defense mechanisms and hydration levels.

By means of a comprehensive LINE REPAIR treatment, proper metabolism and skin detoxification are supported with ferulic acid, niacinamide, lactic and glycolic acids contained in the product formulation. Improving skin texture and elasticity, it boosts vitality and enhances glow.
